

Nokia launches mobile Internet radio application

The World Internet radio network is proud to be a part of it

From a Nokia press release: “Discover and listen to radio shows broadcasted over the Internet with the Nokia Internet Radio service now available. The application can be downloaded for free [[here](#)] and will also be embedded in upcoming Nokia S60 3rd edition devices.

The world Internet Radio Network is proud to be invited to take a part in nokia’s internet radio listings. We think it is a great way to expand our reach and give our current audience another way to listen to our station

The Nokia Internet Radio application is currently available for download to the following devices: Nokia N82, Nokia N91, Nokia N95 and Nokia N95 8GB. The application is planned to be available later on further devices and will be embedded in selected upcoming Nokia S60 3rd edition devices. Please visit [[here](#)] for the list of the latest compatible devices.”
